

Certificate in Healthcare Management

The School of Management offers a Certificate in Healthcare Management for physicians and experienced healthcare executives. This graduate level certificate requires the successful completion of any five of the following healthcare management classes:

HMGT 6401 Negotiation and Conflict Management in Healthcare
HMGT 6402 Financial Management of Healthcare Organizations
HMGT 6403 Medical Cost and Performance Management
HMGT 6404 Service Quality Improvement and Patient Satisfaction
HMGT 6405 Healthcare Information Management and Technology
HMGT 6406 Strategic Leadership of Healthcare Organizations
HMGT 6407 Healthcare Policy and Regulation
HMGT 6408 Motivational Leadership in Healthcare Organizations
HMGT 6410 The Science and Practice of Influencing Behavior

Each course represents four semester hours of graduate academic credit and up to 36 hours of Category 1 CME credit for physicians and CEU credit for healthcare executives. Students may apply these 20 graduate credit hours toward a Master of Science in Healthcare Management or a Master of Business Administration. Both degrees are offered through Executive Education in the School of Management.
